## UPPER AND MIDDLE SEGMENTECTOMIES BY VATS

Carlos Gálvez

*Thoracic Surgery Department; Hospital General Universitario Dr Balmis Alicante*

In this presentation, I will try to illustrate with high-definition videos the most relevant steps during upper and middle segmentectomies performance, as well as tips and tricks during bronchovascular and intersegmental plane dissection, identification and division. All of this according to my personal and department experience in anatomical sublobar resections.

Author declare no specific conflict of interest regarding this presentation.
